Join us at the Transnational Education Conference 2026, a two-day event bringing together higher education professionals, policymakers and global partners to explore the next phase of UK transnational education. The conference will combine strategic reflection with practical insight, focusing on the policies, partnerships and delivery models shaping TNE in an increasingly complex global environment.

- Day one is UUKi members-only, held under the Chatham House Rule, providing a trusted space for open and candid discussion on shared challenges, risks and opportunities.
- Day two opens to all, featuring two parallel breakout tracks with three sessions running concurrently, alongside expert-led discussions and opportunities to connect with peers across the sector.

Attendance is limited to the second day of the conference, except for the **Drink Reception Sponsor** package. This package grants access to the afternoon of the first day, including the keynote speech and drink reception remarks.
